UX DESIGNER, SCRUM MASTER, FRONT END DEVELOPER AND MORE

I am a versatile professional who quickly adapts to new roles. I manage things and keep the strings in my hands even in challenging situations. I am solution-oriented, curious about the world and have excellent organizational and interpersonal skills. I maintain and build team spirit; it is important to me that I'm fun to work with.

I appreciate meaningful projects, support for professional development and a good work culture.

PROFESSIONAL EXPERIENCE

Cinia Oy

April 2020 - Present

UX Designer

Gathered extensive expertise in both domestic and global software projects in challenging operating environments as a UX/UI designer, Scrum Master, Front end developer and Service designer. Participated in the development of the company's UX maturity as the leader of the UX task force. Prepared training materials and thus promoted the sharing of information within the organization.

Keskuspuiston Nuorkauppakamari

October 2018 - November 2018

Software Developer

Updated the appearance of the Joulupuu charity campaign website on the WordPress publishing platform. Work done pro bono.

Manpower Group Oy

January 2009 - August 2017

Customer Service Operation Coordinator

Worked in various sales, customer service and back office tasks, including Elisa and Saunalahti's application management, invoicing and supporting ledger work, customer service, personal and business customer management, job training and mentoring, order processing and order management, consulting for problem situations
